Take your shoes to Henry Nelson.

He does high grade work and his prices are very reasonable. Shop in the LeMadeline building, west side.

Miss Louise Podawiltz entertained a few of her friends at a Kinkora party at her home on Tuesday afternoon. A very pleasant time was reported by those present.

Mrs. Guy Getta was taken to the Riverview hospital today, where she will submit to a surgical operation.

HANSEN.

The lost cow and calf spoken of in last week's Hansen item, have been found. Two days after their disappearance, Mr. Hamel, who had been searching the country in all directions, found the two tied to a tree in the woods back of his house, so the riddle has been solved—someone did take them, despite the presence of the three dogs. In speaking of the affair Mr. Hamel mentioned other malpractices of some of his good friends, one in particular which was made against his stock last summer. A cow came up from the pasture in the evening with her mouth bound shut with a strong wire, so tight had the wire been strung that it had cut into the flesh on both the upper and lower sides of the muzzle.

The newly organized Sunday school met with Mrs. O. E. McKee Sunday and was well attended, so well that the attendance has to be divided into two classes now. Mrs. Chas. Lipke taking the older class and Miss Berdick the younger scholars. Several new scholars were present and new families added to the list of adherents.

At the A. S. of E. meeting Saturday night, the attendance was so small that it was thought advisable by those present to defer election of officers until a larger number of members could be got together. Pres. Bean has arranged to get a good, able speaker into Wood county to stir up enthusiasm.

Quite a number of the young people from Hansen attended the mask ball at Vesper Saturday night.

John Roetke of Grand Rapids, visited relatives and friends in this vicinity last week.

A three act drama entitled "Dutch Jake" is being rehearsed at the school house and will be presented Feb. 23. Proceeds will go for the purchase of window curtains and a few appropriate fixtures for the new school house.

A rash resembling chicken pox is prevalent among the school children. Nothing serious has resulted so far except a few disfigured faces and itching skin.

A surprise was given James Patria at the home of Adolph Albert last Wednesday night. Jim was got out of bed and made to get up and entertain his late friends with racy selections of case words and threats.

REMINGTON.

Mrs. A. Bass has gone to Nekosia to see her daughter, Mrs. Compton, who is very sick.

Mrs. Lena Barkoskie of Nekosia was a guest at the home of her mother's several days last week.

Misses Amelia Schroedel and Emma Johnson spent Saturday at Grand Rapids.

ALTDORF.

H. J. Bassener and H. Wichmann of Vesper were in this vicinity looking over the barns of O. J. Len and A. Hoer one day last week. Mr. Bassener intends to build a large new barn next summer.

A. Schroedel was here for the same purpose the first of this week. Mr. Hoer uses chain hanging stanchions while Mr. Len has the bedboom stalls with an improvement for milking cows.

The latest reports from Henry Hoer, who is attending the agricultural college at Madison, are that he is getting along nicely and enjoying his work. We presume Henry will be able to give us a good many ideas when he gets back.

At the annual meeting of the Equitable Creamery Co. held at Vesper last week all the old directors were re-elected and the directors chose all the old officers. The creamery is beginning at the very worst time of the year, was able to make butter cheaper than it has ever been made by other creameries, as it was made for a little less than the over-run to start with. And though the last December butter wasn't shipped till Jan. 7, all returns were in by Jan. 21.

Doctors Goedecke of Vesper and Waters of Grand Rapids have been frequent callers here of late. Among the sick are P. Wirtz and Mrs. Wirtz, Mrs. F. Wuerch, A. Schiller and the children of Mr. and Mrs. J. E. Naech.

The lecture by Miss Jane Adams of Hull House, on social settlements of England and America will appeal to every thinking man and woman in Grand Rapids. This is a pleasure and a privilege for the people of our city not often accorded them. Judge Grosscup of the supreme bench of Illinois says: "Jane Adams should be the mayor of Chicago. The city might look for adequate police protection and the enforcement of civil laws." Miss Adams will be at the Opera House on Feb. 7th.

Looking for Appointment.

Since the resignation of Frank Dana, as director of the Third Regiment band, a number of the amateur bands of the state have been striving for the appointment. Among these has been the band of this city, and while they did not receive much encouragement from headquarters, they have done everything possible in the matter just the same.

The members of the local band feel that they stand as good a chance as any amateur organization if ability to deliver the goods is taken into consideration, besides which Prof. Bliss has had several years of national guard experience, which fact should also carry some weight. Mayor Wheeler has been interesting himself in the matter and on Tuesday he received a communication from Col. Hallaway in which that gentleman stated that no appointment has as yet been made; in fact, that no vacancy existed at the present time, but that it was understood that there would be such a vacancy in the near future and that the application from Grand Rapids would be given due consideration.

While this does not mean very much, the tone of the letter would indicate that the band here would receive an equal chance with the others who are in line.

Elected Officers.

The stockholders of the Wisconsin Ice Machine Co., held a meeting in this city on Sunday and the following officers were elected:

E. Roenius, president.
Frank Feldtner, vice pres.
Oscar Roenius, secretary.
Oscar Uehling, treasurer.

O. C. Uehling of Milwaukee was appointed sales manager of the company with office in Milwaukee. Those who were here from out of town to attend the meeting were O. C. Uehling of Milwaukee and Alex. Cufeyser of Chicago.

Went for the Defendant.

A case was tried out before Justice Brown on Friday between Fred Hetzel of the town of Grant and Fred Warzinski of Marshfield.

Mr. Warzinski, who is a veterinary surgeon, had treated a horse for Mr. Hetzel, and the animal subsequently died, and it was to recover the value of the animal that Mr. Hetzel sued the doctor.

The case was tried out before a jury, who, after listening to the evidence, brought in a verdict for the defendant.

CLANMOOR.

Not since the dry years of the 90's has there been such a battle fought with fiery elements as occurred at this point last Friday. The heavy gale blowing from the southwest swept fire up to us of such an extent and force that it threatened our complete annihilation. Fortunately every man at the station end of the town was at home and every available man from the north and quickly responded to the call for help and for seven hours all were kept busy.

The younger school children were gotten to places of safety while the older ones with their teacher and other ladies put out the fire that crossed to the north side of the railroad, thus keeping the fire to the south side. It seems a miracle that no buildings were burned and that against such odds the fire was turned round most of the vine marshes and serious losses averted. With the exception of fences and a few vines, no great damage was sustained. Usually at this time of the year our marsh country is covered with ice and snow and such a fire would have been impossible. At this writing the blackened waste is covered with snow which will put out any fire that may have been left smoldering in the peat.

Mrs. Edward Kruger has recently entertained a nephew, Mr. Robert Houston formerly of Pittsville, but for the last five years a resident of Portland, Oregon and other points in the far west.

S. N. Whittlesey spent some days last week in the northern part of the state.

Glenn Warner returned home last Thursday, standing the trip well and is making strides toward health and strength. He speaks in high terms of his physician Dr. Rockwell and treatment received at Riverview hospital.

Miss Addie Fleming took the five p. m. train Saturday for Nekosia after spending the week at the S. N. Whittlesey home.

Mrs. C. A. Japperson of Port Edwards was a between trains guest Monday afternoon.

Manager Smith of the Arpin marsh spent Sunday in your city.

Bert McLees, who has been at work on our telephone line some time past, went to Grand Rapids Saturday evening to return Monday.

Roy Timian spent Sunday at the W. H. Fitch home.

Treasurer Oscar Potter is receiving calls these days from the tax payers.

Prevailing colds have had their "grippe" on the Robert Rezin household.

The James Gaynor family are in fair health. The marsh work at present is repairing dams and sanding.

The Ralph Smith family are holding their own. Mr. Smith being able to get out doors some, which for him is decided improvement over his condition a few months ago.

Death of Mrs. Boyer.

Nellsville Times:—Monday morning Mrs. Jacob Boyer died at her home on the north side after a brief illness of pneumonia. She was the wife of Jacob Boyer and was prominent in church and fraternal circles. Mrs. Boyer was born Miss Nettie Gou at Germantown, Wis., May 29, 1876. She received her early education at her birthplace and at Grand Rapids, where her parents later moved. On Nov. 28, 1895 she was united in marriage to Jacob Boyer at Marshfield, and in November 1903, Mr. and Mrs. Boyer came to Nellsville to reside. Five children were born to them, three of whom have preceded their mother in death. Two little girls, Gertrude and Edith, remain to comfort the father. The remains will be taken to Marshfield this morning, where services will be conducted by Rev. Jos. Volz, and interment made.

Mrs. Boyer was a member of St. Mary's Catholic church and was an indefatigable worker in the Altar society. She was also a member of the Royal Neighbors. She was a most excellent woman, an earnest Christian, and one whose natural charities and friendly qualifications were cleared but in a large circle of friends. Besides her husband and children, Mrs. Boyer is survived by her parents, two sisters, Mrs. H. B. Parker of Pittsville and Miss Nellie Gou of LaCross, three brothers, Harvey, Ira and Leslie of Grand Rapids. Her mother-in-law and brothers and Peter Boyer of Marshfield were here to accompany the remains to their last resting place.

Gross-Bandelin.

Miss Lizzie Gross and Alex. Bandelin were married on Tuesday at the home of the bride's parents on the east side. They were attended by Miss Hannah Waldo as bridesmaid and James Leuchter as best man, the ceremony being performed by Justice E. L. Brown.

After the ceremony the guests repaired to the home of Mrs. A. P. Bandelin where the evening was spent in dancing and merry making and the result was a very pleasant evening.

Both of the contracting parties are well and favorably known in this city and have many friends who will wish them a long and happy wedded life. The Tribune extends the heartiest of congratulations.

Mrs. John Alpline had the misfortune to break off a needle in her toe a week ago Monday which caused her considerable pain and trouble. On Friday she was taken to the office of Rockwell & Remally where an examination was made by X-Ray and the piece of needle was found. It was removed and since that time Mrs. Alpline has been rapidly improving.

Leola Drainage District.

The bonds of the Leola Drainage district in Adams county have been sold, and the contract for the excavation of the ditches has been let to John Corbett, who agrees to complete such work on or before Dec. 1, 1909. The improvement to be made in the district consists of approximately twenty-five miles of ditch, containing about 600,000 yards. The two steam dredges which will do the work will be placed upon the grounds at once and be ready to commence throwing dirt as soon as the first runs out of the ground. These dredges will require about 650 tons of high grade coal for use during the coming summer, which will be shipped to Plainfield by railroad and then hauled by team and distributed along the line of the ditch right-of-way, about 40 tons to the mile, and about an equal amount will be required for use in the summer of 1909, but that will not be distributed until next winter.

If the development of this marsh is as successful as it is hoped and expected, it will add about 17,000 acres to the tillable land in Adams county. The people of Plainfield are highly pleased over the fact that the marsh is to be improved for the reason that when settled upon and cultivated a large part of it will be tributary to the village.

Civil Service Examinations.

The State Civil Service Commission announces a general competitive examination for the position of stenographer. This examination will be held February 14 and 15 at a few examination centers selected to suit the convenience of a majority of the applicants.

There has been a constant demand for good stenographers at salaries ranging from \$30 to \$70 a month. Persons interested should write to the State Civil Service Commission at Madison, Wis., for information and application blanks.

The general competitive examination advertised for January 25th is likely to be the largest in the history of the Civil Service Commission. At least 1500 letters of inquiry have been received by the Commission and 650 persons have filed applications with intention to compete in this examination.

It is stated that there is a steady improvement in the quality of the candidates who appear, and there is manifestly a growing interest and confidence in the work of the Commission.

At the request of Senator La Follette, the Commission recently held a state competitive examination of candidates for appointment as cadet in the West Point Military Academy.

Will Change Location.

Dr. E. L. Graves, who has been located in the Cohen block with his dental parlors since he came to this city, has leased a suite of rooms in the Mackinon block on the west side and now has a very nice place where he will be able to meet his former patrons.

Religious Services.

There will be Norwegian gospel services on Thursday evening, Jan. 29th, at 6:30 Spring street, on block north of the Green Bay depot. Everybody welcome.

There will also be Norwegian services at the M. E. church on Sunday afternoon at 3 o'clock.

Mrs. Henry George.

Mrs. Henry George died at the home of her daughter, Mrs. Benito Parithe on the west side on Tuesday evening, cause of death being bright disease. She was 61 years of age and was the mother of our townsmen, Wm. George. The remains will be taken to New Rome for burial.

August Bandelin was down from Wausau to attend the Gross-Bandelin funerals on Tuesday.

The Lookout Band meets with Miss Bessie Parrish next Saturday evening.

Brought In a Large Lynx Hide.

George Crooke of Progress was in the city on Saturday, having brought in a lynx hide for the purpose of getting the bounty on the animal from the county clerk.

Mr. Crooke stated that his killing the lynx was rather more of an accident than otherwise. He had not some wolf traps near his place and was on his way to visit them one morning, having with him a small dog, but no gun, his only implement of warfare being a 32 caliber revolver.

His dog ran into the brush and kicked up such a row that Mr. Crooke went in to see what the trouble was, when he discovered the lynx engaged in eating a rabbit. He drew his revolver and took a shot at the lynx, but only grazed the hide, but it apparently enraged the animal enough so that he started for Mr. Crooke, who fired another shot and secured a miss. Mr. Lynx continued to advance, however, and he was getting a little too close for comfort about this time. Then Mr. Crooke fired a third shot and was lucky enough to hit the animal in the head and down him.

The lynx weighed forty pounds, and no doubt could have made it quite interesting for a man had he got into close quarters with him.

Beaten at Wausau.

The highschool basketball team went to Wausau on Friday and played a game with the team there which resulted in a score of 40 to 31.

Our basket ball team so far this season has not been putting up much of a game, but it is possible that they may take a brace before the season is over.

Next Friday they play the Marshfield boys in this city. Marshfield is reported to have a strong team and it is thought that the locals will be able to put up a better game here at home.

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous to Threat Rapids People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Donnan's Kidney Pills, which has cured people right here in Grand Rapids.

J. J. Farley, living at 904 Baker St., Grand Rapids, Wis., says: "I can confidently say that I have had no trouble since using Donnan's Kidney Pills. Previous to taking them I was suffering severely from a lame back and sharp pains across my loins, could hardly stoop or bend and the pains were so severe at night that I could get but little rest. My kidneys were in a disordered condition, the secretions highly colored and at times the passages contained a sediment. Donnan's Kidney Pills were brought to my attention, and I procured a box. My kidneys became normal and regular, and I felt better in every way. I know Donnan's Kidney Pills to be a reliable remedy for such troubles and I am glad to give them my endorsement."
